Total	42,682	73.8%	15,117	26.2%	57,799

* The total votes cast in each ward area are not representative of the actual votes cast by ward electors. This is because they include postal voter ballots, which were not dealt with in ward and were randomly allocated across the count teams to be mixed in with polling station ballots in the second stage.

* The above does not include the 53 ballot papers that were rejected.
